

# EUROFLEX® VISUAL SYSTEM COMFORT

for offices

**EUROFLEX®**

## THE INDOOR SOLUTION FOR A COMFORTABLE WORKING ENVIRONMENT

surface  
with individual motif  
(2.9 mm)

adhesive

elastic layer (4 mm)

adhesive

concrete subfloor

EUROFLEX® Visual System comfort offers unlimited freedom of design for indoor applications. The precisely printed top layer in combination with a EUROFLEX® elastic layer makes it possible to combine this creative freedom with excellent impact sound insulation and walking comfort. This opens up completely new possibilities for designing office spaces, for example to separate a relaxation and recreation area or to highlight walking paths. For areas with particularly high impact protection requirements, we also offer a version with a layer of EUROFLEX® Impact Protection Slabs.

**High walking comfort**  
due to elastic layer

**Impact sound insulation**  
-20 dB for a quieter indoor environment

**Excellent anti-slip properties**  
R10 due to surface layer

**Easy cleaning**  
thanks to a seamless surface

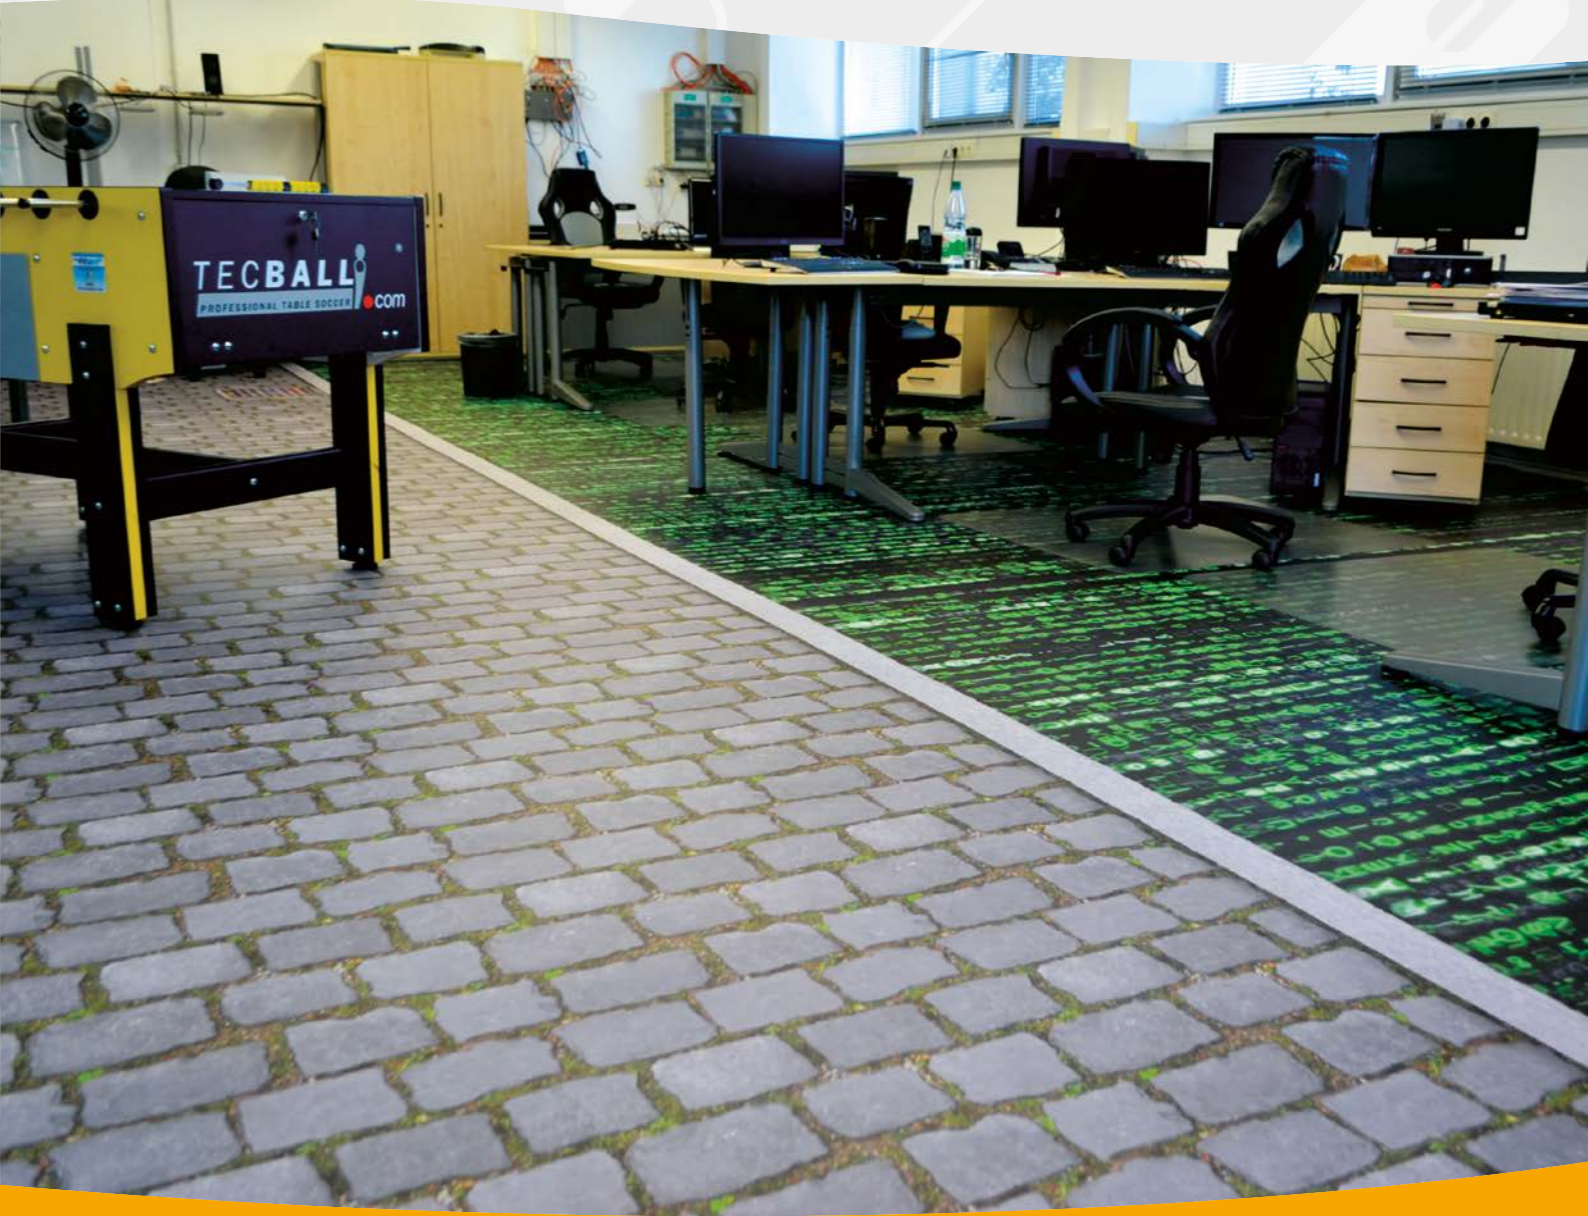

**Complete freedom of design**  
pixel perfect, individual printing of the  
surface layer

**Service class 32**  
for commercial buildings with  
medium strain

**IMPACT PROTECTION & PLAYGROUND ACCESSORIES  
FOR PLAYGROUNDS AND MULTIPURPOSE SPORTS FACILITIES**

made from rubber granules
